BindPro

DOUBLE PULL PORTABLE BINDING MACHINE

Features

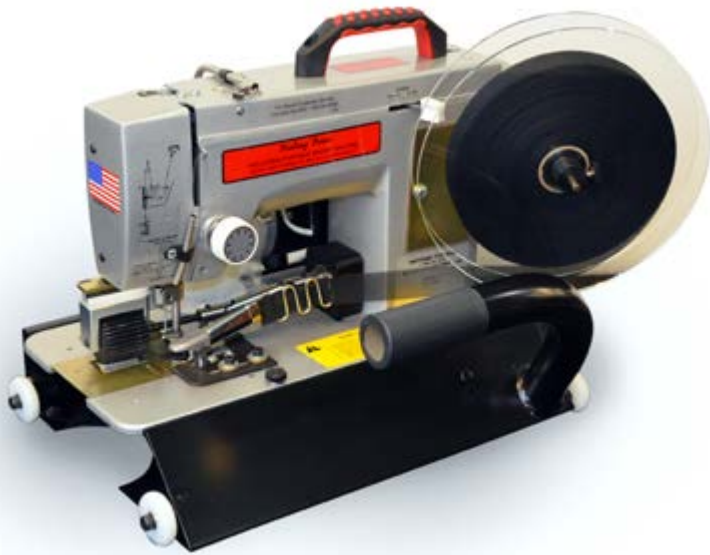

- Electronic Speed Control
- Heavy Duty gear set on top drive shaft making machine more robust
- LED light for long life and good visibility
- Heavy Duty 1/8 HP Motor
- Straight stitch or Zigzag lock stitch for binding strength
- Permanent factory preset feed timing using keyways
- Oilite bearings throughout
- Simplified maintenance
- Sews approx. 12lf/min
- Heavy-duty ball bearing wheels
- Optional Cove Base Attachment & Foot Pedal available
- Ability to remove binding tape folder assembly and topstitch wide binding or fabrics due to 5 inch open throat
- Comes with a 7/8" binding tape folder which accommodates our 7/8" Poly binding & our 1070 Serge tape
- Accommodates a variety of binding folder sizes
- 90 Day manufacturer's warranty

Included with BindPro

- One spool HD Monofilament Thread, 126-EH
- Accessory kit containing: Eight bobbins, ten needles, two screwdrivers, thread clip, tweezers, four allen wrenches and carrying case
- One roll of 7/8" binding tape
- Sample of 1070 serging tape
- Binding discs and centering plug
- 2045 Lubricant w/extendable spout
- Instruction manual with parts list

126

SINGLE-PULL BINDING BRUTE™

Features

126: 115 V

- Single-pull feed system makes machine easily maneuverable
- Non-slip gear-reduction drive with heavy-duty motor, made in the USA
- Easily converts to a stationary, table-mounted unit with foot control
- Straight or zigzag lock-stitch for maximum binding strength
- Ergonomically designed handle gives better visibility and reduces hand and arm fatigue
- Permanent factory pre-set feed timing
- Sews inside curves, outside curves, corners, etc.
- Easy and quick maintenance
- Brutes include a 7/8" folder that accommodates binding and serging tape
- Accommodates a variety of folder sizes
- Over four yards a minute
- Rectified DC motor
- Built-in heavy-duty ball bearing wheels
- Great for base work
- 90-day manufacturer's warranty

Included with 126

- Instruction manual
- One spool of thread
- 126-P217 accessory kit
- One roll of 7/8" binding
- One roll of sample serging
- Binding discs and plug
- 2045 lubricant

155

DOUBLE-PULL BINDING BRUTE™

Features

155: 115 V

- Unique floating-feed roller system works on tough carpets and backings
- Quickly and easily picks up and feeds thick and uneven materials
- Includes built-in speed control
- Non-slip gear-reduction drive with heavy-duty motor is made in the USA
- Converts to stationary unit with foot control in seconds
- Unique feed mechanism gives much greater mobility than traditional feed rollers
- Straight or zigzag lock-stitch for maximum binding strength
- Ergonomic handle gives better visibility and reduces hand and arm fatigue
- Permanent factory pre-set feed timing
- Sews inside curves, outside curves, corners, etc.
- Easy and quick maintenance
- Brutes include a 7/8" folder that accommodates binding and serging tape
- Accommodates a variety of folder sizes
- Over four yards a minute
- Rectified DC motor
- Built-in heavy-duty ball-bearing wheels
- Great for base work
- Binds carpets that most other binders can't, from berbers to lightweights, with greater control
- 90-day manufacturer's warranty

Included with 155

- Instruction manual
- One spool of thread
- 126-P217 accessory Kit
- One roll of 7/8" binding
- One roll of sample serging
- Binding discs and centering plug
- 2045 lubricant

48Z™

AIR RUG CARVER

Features

National was the first to introduce high-speed, air-driven carvers. It is the smallest, lightest and most powerful carver available and is used by more manufacturers and professional rug makers than any other tool.

- Create any carved rug design
- Durable and easy to use
- Air jets in front of carver blow away loose yarns and cool the blade to increase blade life
- Limited vibration
- Lockable throttle button turns on and stays on
- Change speed from 0 to 12,000 RPM
- Suitable for production-line use
- Easier to maintain than any carver made
- Very low profile
- 80 to 90 PSI, 8 to 12 maximum CFM
- Includes one blade
- One-year manufacturer's warranty

Carver Blades and accessories

48A: STANDARD BLOCKING BLADE

- 1-9/16"
- Oster
- For all types of carving
- Includes top mounting bracket used with most electric carvers

48T: BLOCKING BLADE

- 1-11/16"
- Tek-Matic
- Designed with longer blade tooth
- Stays sharper longer
- For all types of carving

48-O: AIR TOOL OIL

- Non-detergent
- 1 quart

48-Q2: LIQUID BLADE LUBE

- Works like the 48-Q, but is a liquid instead of spray that lasts longer with no wasted overspray
- Can be shipped by air in the USA and overseas
- 8 ounces

48-G1: GEAR LUBE

- For 48Z Carver
- 2 ounces

402100 GEAR LUBE APPLICATOR

Inventory Control

CARPET TAGS

40: 5" X 8" RED REMNANT TAG

41: 5-1/2" X 8-1/2" CARPET CUT RECORD TAG

CARPET TAG PINS

Nickel-plated, heavy-duty pins. 100 per package.

38: 3" CARPET TAG PIN

39: 4" CARPET TAG PIN

220-1: ROLL AND REM STRETCH TAPE

The most cost-effective and fastest method for securing rolls and rems. Protects furniture, machines, and equipment against moving and storage damage. Don't be fooled by cheap imitations with short roll length and high plastic thickness

- Case of 18 rolls, 3" x 1000' per roll, 80 gauge
- Applies like tape but is non-adhesive—it only sticks to itself
- Stretches to wrap, then tightens to hold
- Will not dig into surface of carpet or vinyl, unlike twine and tape
- Leaves no residue and provides a 3-inch, smudge-free surface for markings
- Securely holds remnant tags
- Works on carpet-face yarns, backing, and vinyl
- Each roll comes with its own handle

Binding and Edging Materials

CANVAS BINDING

This long wearing wide canvas is available in 2-3/4" and 4-3/4" widths. Gives your sisal, coir, reed, jute, and wool area rugs a hand-bound appearance. 100% cotton. 19 colors available. Use with 2-3/4" Binding folder [126-C2] or 4-3/4" binding folder [126-C7] for machines 126, 155, BindPro, 8093 and 8094.

1095: CANVAS BINDING 2-3/4", 165-FOOT ROLL

1096: 2-3/4" AND 4-3/4" CANVAS BINDING COLOR CHART

1097: EXTRA WIDE CANVAS BINDING 4-3/4", 165-FOOT ROLL

POLYESTER BINDING

High quality, 100 percent polyester comes in 7/8" or 1-1/4" widths. 144 yards per package. Available in over 200 colors. Pressure dyed so colors will not bleed. Splicing may occur. Quantity pricing available.

78: 7/8" BINDING

124: 1-1/4" BINDING

124-2: BINDING COLOR CHART

SERGING TAPE

Made of a durable combination of cotton and polyester, this is the ultimate for edge finishing and appearance. Creates a serging look, but is applied like binding with a neat, fine thread finish. UV resistors have been added to the dye system to reduce UV degradation.

1070: SERGING TAPE

- 7/8"
- Used with 126-CF folder
- Available in 115 colors

1072: SERGING TAPE

- 1-1/4"
- Used with 126-D folder
- Available in 61 colors

1071: SERGING TAPE COLOR CHART

Binding Machine Accessories

BOBBINS

We use the best—nylon, not polyester. Each sideless bobbin is tackified to prevent over-spinning in the bobbin case.

126-A1: STYLE-A, SIZE O

- 125 yards, 80 spools/box, Nylon

126-A2: STYLE-A, SIZE D

- 72 yards, 80 spools/box (comes with Binding Brute)
- Heavy-duty nylon

126-A3: STYLE-F

- 96 yards, 80 spools/box
- For use with binders other than Nationals'

8097-A1: STYLE-M

- 50 yards, 144 spools/box, white
- For use with the 8093 and 8094

8097-A1B: STYLE-M

- 50 yards, 144 spools/box, black
- For use with the 8093 and 8094

THREAD

126-E: CLEAR

- 4300 yards per spool
- Thread diameter .010
- Size #52, 8 oz
- Comes with sock, for Binding Brutes™, 8090, 8089 and 5350

126-EH: CLEAR, HEAVY-DUTY THREAD

- 3500 yards per spool
- Thread diameter .011
- Size #63, 8 oz
- Comes with sock for BindPro, Binding Brutes™, 8090, 8089, 8093 and 8094

5315-1 LOOPER THREAD

White, 12,000 yards of spun-poly for the 5300 Carpet Binder

THREAD CANISTERS

129: CLEAR THREAD CANISTER AND DOME

- 12,900 yards per spool, size #52
- Base diameter, 5-1/2", flange diameter 4-1/4", thread diameter .010"
- Not designed for Binding Brutes™ or smaller machines, used on the 5300

129-1: CANISTER REFILL

NEEDLES BY MACHINE

BINDPRO, 126, 155, 5350, 8090, AND 8089

Standard needle

- 126-B1A: 140/22, 10 per package

Heavy-duty needle

- 126-B2A: 160/23, 10 per package (included with Brutes and BindPro)

8093 AND 8094

- 8096-B1A: 140/22, 10 per package

5300

- 5311-1: 180/24, 10 per package

BINDING AND SERGING ATTACHMENTS

126-C1: COTTON FOLDER, 3/4", RAW EDGE

126-C2: 2-3/4" RAW EDGE FOLDER

126-C3: 2" RAW EDGE FOLDER

126-C4: 3" RAW EDGE FOLDER

126-C41: 3" SINGLE TUCK FOLDER

126-C7: 4-3/4" RAW EDGE FOLDER

126-CF: 7/8" BINDING/SERGING FOLDER

- For binding and serging tape

126-D: 1-1/4" RAW EDGE FOLDER

- For binding and serging tape

126-D1: 1-1/4" SINGLE TUCK FOLDER

- Works best on zig zag

126-D3: 1-1/4" WIDE GAP RAW EDGE FOLDER

- Great for heavy berbers or thick unbeveled carpet
- For binding and serging tape

BASE ATTACHMENTS

Easily attaches to Binding Brutes for hands-free operation. Adjustable for various base widths. Adjusts from 2-1/2" to 6".

171 BASE ATTACHMENT (FOR BINDING BRUTES)

SERGE YARN

5384: SERGE YARN

- Nylon
- 6850 LF/Spool
- Over 150 color selections available
- Stocking nearly 100 colors

5388: SERGE YARN COLOR CHART

5385: SERGING EDGING TAPE

- 5/8" x 325' (see 124-2 or 5388 chart)
- Colors include 405, 428, 432, 433, 444, 465, 477, 525, 528, 553, 560

MISCELLANEOUS ACCESSORIES

2045 MACHINE OIL

- Light, clear, high grade oil for lubrication of sewing machine parts. Recommended for all National machines. One-ounce size is a refillable plastic bottle with an extendable spout.

126H FOOT PEDAL

- For the BindPro, #126 and #155 Binding Brutes, 115 V only

126-P217: ACCESSORY KIT FOR BINDING BRUTES™

- Includes eight bobbins, ten needles, four screwdrivers, thread clip, tweezers, four allen wrenches, and case.

Handling Equipment

63-DC: TRUCK WINCH™

Easily handles large rolls of carpet and will move pallets from the front to the rear, or the rear to the front of truck.

- One person can load and unload trucks without injury in a fraction of the time of four people
- Winch mounts at ceiling height inside box on bulk head
- Simple to mount
- A 4-inch channel mounted across the back of the truck allows a pulley to be directly aligned with roll
- Powerful motor pulls at 22 feet per minute
- Pulling capacity of up to 2000 pounds
- Just as important as a forklift but at a fraction of the cost
- Recognized by insurance companies for worker's comp reductions
- Rope included
- One-year manufacturer's warranty

Blades

UTILITY CUTTING BLADES

53: SPECIAL UTILITY BLADE

- Double edged
- 100 per package
- Used with the #51, #59 and various knives

53-B: HEAVY-DUTY SLOTTED

- .017"
- Double edge, round corner
- 100 per package

CARPET CUTTING BLADE

These blades are for use with National's 1400 Carpettome™.

1401: STANDARD BLADE

- 2" Length

TUFTING GUN BLADE

1711-017-95

- 1711-015-95 Angled Blade

BEVELER BLADES

These blades are for use with National's 47 Industrial Portable Beveler. 3" blade.

47-1: BEVELER BLADE

47-2: FLAT BEVELER BLADE

TOP SHEAR BLADES

These blades are for use with National's 1250 Carpet Shearing Machine. 6" blade.

1250-1137: FLAT TOP SHEAR BLADE

1250-1156: ROTARY TOP SHEAR BLADE

Installation Equipment

247: ADJUSTABLE KNEE KICKER

- Shock absorbent bumper pad
- Double locking pins
- Precision pin adjustment system
- High profile design
- Replaceable nap grips
- Sixteen long hardened steel pins
- Adjusts from 19" to 23" in length
- Made from industrial grade steel tubing and extra thick die cast aluminum parts
- Made in USA
- One-year manufacturer's warranty excluding bumper and nap grips

ACCESSORIES

- #247-4 Base Plate Assembly

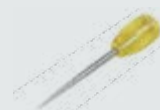

575: COMMERCIAL SEAM CUTTER™

- Row cut, trace cut, and double cut all with one tool. Designed to create perfect seam cuts on almost any type of commercial carpet, hard back, or foam.
- Extra wide base holds blades straight up and down on secondary or foam-backed commercial carpet
 - Accommodates two blades for a one-pass cut
 - Variable guide system offers different cutting positions to create a perfect seam
 - Wide sloping handle design ensures total comfort under the most rigorous cutting situations
 - Row follower and spacers are made from high strength stainless steel
 - Transparent for high visibility and seam-cutting accuracy
 - Recommended by commercial carpet manufacturers
 - Uses 53B Blades, two blades included with cutter

921: ALUMINUM TOOL BOX

- Keep tools organized, dry and secure
- Stationary handle for easy access
- Lockable
- Durable water and corrosion resistant
- Aluminum construction
- 30" x 12" x 11-1/2"

635: CARPET AWL

- 4-1/2" blade length
- Tapered steel blade will not rust
- Rugged plastic handle
- Common uses: scribing, picking seams, and other carpet work

178-A: REPLACEMENT STRETCHER SPIKE

- Strongest spike in the industry
- 5-3/4" L x 5/16" thick
- 1 year warranty

Backing Material

111-1

111-1: 6-1/2 OZ. MONKS CLOTH

- 150" wide x 30' long
- 23 lb.
- Ships UPS

111-4

111-4: 4 OZ. FELT

- 150" wide
- Gray color will not show dirt
- 100% polypropylene

111-9

111-4A: 300' ROLL

111-4: 30' CUT

- 15 lb.
- Ships UPS

111-7

111-9: DOUBLE SIDED NON-SKID

Designed to work on hard surfaces and carpeting. Use gray side for hard floors and white side for carpet.

- Available in 6' x 54' roll only
- 25 lb.
- Ships UPS

111-8

111-7: GREY LATEX

- 144" wide
- Tough back will not rub off, crumble
- Has felt on the side to be glued to the carpet backing
- Grey, non-skid latex will not show dirt and stays in place on any hard surface

111-7A: 300' ROLL

111-7: 30' CUT

- 60 lb.
- Ships UPS

111-8: GREY LATEX WAFFLE

- 144" wide
- Will not rub off or crumble
- Has felt on the side to be glued to the carpet backing
- Grey, non-skid waffle latex will stay in place on any hard surface
- Does not show dirt

111-8A: 300' ROLL

111-8: 30' CUT

- 60 lb.
- Ships UPS

Adhesives

GLUE STICKS

- Special rug-making formulation can be used with National's 9028, 9033, and most other glue guns

115B: 7/16" X 10" STICK, 25-POUND CASE

GLUE PLUGS

- 1-3/4" wide x 1-3/4" long
- Professional high-volume plug formulated for rug-making
- For use with the 420 back-seaming gun
- Ships UPS

118B: GLUE PLUGS, 35-POUND CASE

781-B: BULK SPRAYABLE HD GLUE PLUGS, 35-POUND CASE

- For 782 gun only

OTHER ADHESIVES

113-101B: SPRAY ADHESIVE

- Case of twelve 12-1/2-ounce aerosol cans
- Finest quality sprayable backing adhesive
- Allows immediate roll-up after backing is applied
- Stays flexible

112-1132-4: SPREADABLE LATEX BACKING ADHESIVE

- 4-gallon container
- Covers approximately 10 yards per gallon, making it the most liked rug backing adhesive in the industry
- Dries to a neutral color
- Works on all types of backings
- Trowel or roller application
- Water based
